AWARD WINNERS

REPRESENTATIVE
DACIA GRAYBER

LEGISLATOR OF THE YEAR

For your tireless and unwavering work to center Oregon's workers throughout the 2023 Legislative session.

REPRESENTATIVE
NATHAN SOSA
RISING STAR

For your consistent advocacy on behalf of Oregon's working families during your first sessions in the Oregon State Legislature.

SENATE MAJORITY LEADER
KATE LIEBER

SOLIDARITY CHAMPION

For your worker-centered leadership in the Oregon State Senate and for your strong partnership with the Oregon Labor Movement during the 2023 legislative session.

Despite the longest legislative walk-out in American history, it was a banner year for Oregon's Labor Movement, with legislative wins across affiliated unions and in every region of the state and sector of the economy. We saw many legislators truly hear the needs of workers and take action to protect wages and benefits, increase workplace safety, and improve our communities.

The Oregon Labor Movement is thankful and appreciative of the legislators who stood with working people during the 2023 session. Three legislators advocated for policies and laws that benefit workers in some exceptionally amazing ways: Representative (and union firefighter) Dacia Grayber for her incredible support of Oregon Labor's priority bills across the board; Representative Nathan Sosa for truly for sending a clear signal in his first several legislative sessions and as vice-chair of the House Business and Labor Committee as a fighter for workers' rights; and Senate Majority Kate Lieber who proactively listened to and reached out to workers and our unions to understand our needs in an exemplary way. These metals were awarded based on key votes in the 2023 session on the Oregon AFL-CIO and our affiliates priority bills, in addition to behind-the-scenes advocacy on behalf of workers and union members.

The Oregon Legislature is a place where we can make real, lasting change toward a fair and just economy for all. Thank you to the Representatives and Senators who share our vision of an Oregon where workers in every community may prosper.
